I think that Roblox is a great way to get people to communicate with others online because it is very fun and social. It can help you meet new friends and connect with others in many different ways. It can be a great way for people to learn how to communicate with others in a way that they prefer, especially online. This game can give people a lot of benefits because it is very fun, and you don't have to pay money in order to play. This game has helped me develop social skills because I was able use voice chat or text chat to communicate with other players and also the advantages of communication in real life. I will continue playing this game because it is fun and I'm able to make lots of friends and have a great time doing it.

I love Roblox, but there are a few issues that I think need to be fixed. I have noticed that there is a lot of adult themes, and people swear a lot (which is not acceptable, it should only be in forums, not in game). It also needs more updates. In my opinion you should only take down the website if you combat online harassment or if someone steals someone else's idea. You can't create an account with your email address or password because the website doesn't know who you are. It only knows your username which is so unfair because someone could send harassing messages to other players without them knowing the real person. You should add more games and less glitches, with more updates. I really hope you take my suggestions into consideration, it would be great if you fixed all the big issues in Roblox.
