They told me their account was hacked and that they could fix it for me if I give them one of my item. So I gave them one and they scammed me. Another problem is when people are posting comments and other players comment back at them about it. There is a lot of spamming going on, but the worst part is there is a lot of inappropriate content that is being made like adult

Looking back at my own experience with Minecraft, it's so easy to see why people were so obsessed with it. The game was all about survival. It was about building a new life out of nothing. Things that would make you successful weren't free; they required you to work hard for them. But they were worth the wait, because it would mean you'd gather more items over time, and then you could make your house bigger or better fortified. The game was about connecting with your friends, and making sure that they were safe and able to live their own lives in the Minecraft world as well.
