As you can see from the image above, the most reliable way of getting free robux is by doing the missions which are listed under tasks. These missions are very fun to complete and they can be quite challenging as well. You have to complete a certain amount of these missions in a specific time frame. You can also do your friends' tasks and earn rewards for it. The task will reward you with different amounts of robux. Generally, you will earn around 50-100 Robux for completing a task which is equivalent to 3 testings on Roblox which otherwise costs 1 Robux each time. So it is obvious that you should complete as many tasks as possible.

This is definitely one of the best options to consider using when it comes to getting free Robux on Roblox. It has a lot of potential to work well, and it will be more than enough for you! In my opinion, this is probably the most efficient and efficient way for anyone out there to get free Robux on Roblox.

Most YouTube videos will give you a link that will provide you with a free Robux reward. The amount depends on how many views the video has and the number of subscribers the user has. For example, if an account has over 1 million subscribers, they'll give an extra 2,000 Robux for any views that would put them over 10,000,000 views; however this only applies before rewards are scaled down.

- The game is too expensive. I cringe when I see that a certain hat costs 2 million Robux. Robux are the currency used in Roblox, and I have no idea where to get them in game. But it's pretty obvious that you have to pay real money for them or use your parents' credit card to access the store. And if you do use your parents' credit card, then they'll try to find out why you were so interested in a child's game and they will most certainly look at the Roblox website or app, which will reveal that there are so many games with suggestive themes/language that it will make your eyes bleed (and your mom/dad's too).
