I just wish we could have stuff like spoons on roblox and we could make furniture like tables and chairs or a cabinet and some chairs for our avatar. Also I want to be able to make my own game make it like Roblox survival! Please please please update roblox so that we can have stuff like spoons and a table and chairs for our avatar thank you. ROBLOX has also been criticised for its lack of badge incentives for participating in games, or even logging into the site at all. ROBLOX models these badges and credit prizes after the badges found in games like Journey, where a lot of doing nothing gives you a lot of money, which is possibly a reason some players don't log in. ROBLOX also has very few quests to complete that reward badges/credits.

On January 23rd 2021, ROBLOX announced that they would be closing down their Minecraft marketplace. The marketplace would close on February 28th 2021. In February 2021, ROBLOX began to create more games for mobile devices.[78]

In 2021, ROBLOX created a partnership with the National Football League (NFL) that allowed users to make digital representations of each NFL team and play Madden NFL in-game tournaments. This has created an online community for Madden fans to play against other players across the United States and Canada. On April 30th 2021 ROBLOX released a new version of its app called Ava. Ava serves to help players craft more interesting games from their favorite video games and cartoons. ROBLOX is the only stop-motion animated game where players can make their own characters in a game and then animate them. Ava has features such as a desktop workspace, a top toolbar that allows users to interact with other Ava users, and a snap menu that allows users to snap any two blocks together to create new shapes or new objects.

I also remember back when Minecraft was first released, how difficult it was to find anyone who was willing to play with you or help you if your work didn't work out; but I did find my lovely wonderful best friend through Roblox and we play together every single day. Even though there is no one on my friends list, I can still go into Roblox and join a game with other people. When I do that, my friend will always join me if she's in the same room. But even so, I never have any actual friends in-game because it becomes a very lonely experience as time progresses.

ROBLOX also offers badge packages; however there is no way of transferring badges between games. ROBLOX has other games such as "Roblox Heroes", "Roblox D&D", and "The Guild 2" (releasing on December 14, 2021).

ROBLOX's first virtual item was the "Builders Club," which was launched in 2021 and was free to all users. It grants users certain privileges that allow them to create and publish places easily on ROBLOX. The Builders Club is currently \$9.99 a month; however, it used to be \$6.25 a month until 2021, when it was increased to its current price. The Builder's club has since been discontinued for Xbox One and PS4 users as of December 2021 due to converting the Builder's Club into a Builders Pass which costs \$9.99 a month instead of \$6.25 a month.

On September 2nd 2021, ROBLOX announced that they were banning a group of players who hacked the game "Roblox Crates". This was done because hackers added fake scripts into some games. Roblox had removed all the scripts from those games which resulted in the ROBLOX network crashing.[84]

In July 2021, Roblox had allegedly banned several high-profile creators due to the fact they made violent games. Although Roblox claims users were banned "due to improper behaviour" nothing has been proven yet. The situation is occurring in many forums and websites. In July 2021, ROBLOX put out a statement saying that they did not ban any creators, but instead were involved in a legal dispute with the people who claimed to have been banned.[82] They later said that anyone who was banned for making offensive content was "part of an organized effort by bad actors to scam our users. We have no tolerance for this behavior and we're doing everything we can to protect our community." [83]

Once you have downloaded the app, then you can open it and see if there are any ads that show up. If there are a lot of ads, then I would suggest you to uninstall it and to download another app for your device. However, most of the apps that are available on Google Play Store don't have any ads so it shouldn't be a problem at all.

On November 29, 2021, it was announced that they had removed the ability for players to send fake messages and that they were working on a new update that would do this.

The employee claimed that she was fired after speaking out about these issues and later filed a wrongful termination lawsuit against the company as well as several co-workers associated with her firing. The suit, which for the most part was dismissed, claimed that former CEO David Baszucki played an integral role in her firing as he forced the team to "ignore basic standards of professionalism". It also cited him for saying that "female workers in [his] office and in the tech industry were 'annoying' and should not serve in a high-ranking position."
