I really like Roblox because I get to make friends with other users on the Internet that are my age and play games with me. Another thing I like about it is that you can play different games and see which ones you like, so it's very fun to me. I also think that the game has helped me develop a lot of social skills because you can talk to your friends using voice chat or text chat. You can tell them how you're feeling, what's wrong, etc. It's a game where there are a lot of different people from all around the world and they all have their own story. Another reason why I love the game is that you can really make new friends and you can play with them offline.
