I love Roblox, but there are some things that I don't like. My favorite aspects of Roblox are that it's fun and easy to play with my friends online, and it has funny ways of making you laugh or feeling nervous. My least favorite aspect is that if you use your neighbor's computer (turn it on/jack in) you can't change your username or skin. Also, there are players who break laws such as swear words, so they get banned from Roblox for doing so. I don't think Roblox should be edited at all, but just taken off.

Since many online games have their own economies, it is possible to make a significant amount of money through playing those games (as well as copying others). As the economy is largely driven by player interaction, both positive and negative elements, this has led many players to claim that there is an inherent conflict of interest between game developers and users; in other words, "who pays gets spoiled?".

There are a lot of users, Robloxian's who do this and it is not really good that their voice is blocked as well because it is extremely annoying when you don't know what they are saying to you. This happens to me all the time and I think this needs to be fixed.

People may think that Roblox is a very childish game but in reality it is not. I have seen many adults playing this game, and I believe that they just maybe started in the past few years. The reason why people say Roblox is a child's game is because it has some pretty high minded themes in the games you can play. For example being able to make your own avatar or being able to decorate your own house, these are things that at first glance seems like something you'd do with your friends or family. Of course these are just things to make players feel good about themselves. But really the game is not about anything but just making a character and having fun.

Rated 4 out of 5 by Anonymous from fun and addicting! I like roblox because it lets you use your imagination for building things and it lets you play games made by other kids. Rated 3 out of 5 by Anonymous from Great game! Good game for all ages, but

can take up a lot of memory space!

I love this game it is amazing! I like the way you can make friends easily with nicknames and when you try to play a game you dont have access to there are always glitches, but i LOVE the idea of making the games harder by having three stars or more (like an adult version of warcraft) but it needs to be stopped from players trying to get a lot of coins for their accounts, because there are some that have 100s of dollars for their accounts and they re selling them...and also about the prices, i put two dollars on roblox i cannot use it because all transactions done here is done in dollars. -I would love if roblox had a marketplace because it could exchange items and in roblox the avatar is still the same as it was on a website but i wish there were live avatars in my profile

I also think that Roblox is a great way for children to develop a lot of positive skills because they are using their imagination in every aspect of their game. For example, if you want to create your own avatar but don't know how, then you can just create different body parts such as hair or skin color and add a pretty face with an outfit. This will help them feel comfortable and not afraid about trying new things.
